FORESTRY

CONTENTS OF VOLUME XV

The Mycorrhizal Habit in Relation to Forestry. IV. Studies on Mycorrhizal Response in *Pinus* and other Conifers (with Plates I to VI). By M. C. RAYNER and IDA LEVISOHN 1

Glazed Frost 1940—Damage to Forest Trees in England and Wales (with Plates VII to XVIII). By R. G. SANZEN-BAKER and M. NIMMO 37

The Utilization of Softwood Timber damaged in the Glazed Frost, 1940 (with Plate XIX). By B. J. RENDLE, F. H. ARMSTRONG, and E. H. NEVARD 55

The Variability in Resistance to Decay of the Heartwood of Home-grown Western Red Cedar (*Thuja plicata* D.Don.) and its Relation to Position in the Log. By K. ST. G. CARTWRIGHT . . 65

The Oak in Scotland, and two semi-natural Oak Woods in the South-east of Scotland. By E. WYLLIE FENTON 76

Society's and Other News 86

REVIEWS

Manual of Cultivated Trees and Shrubs (ALFRED REHDER). By W. DALLIMORE 87

Commercial Timbers of the United States: their Structure, Identification, Properties and Uses (H. P. BROWN and A. J. PANSHIN). By S. H. CLARKE 88

Drying Rates of Blue-stained and Bright Lumber (T. C. SCHEFFER). . 89

Decimal Hoppus Tables (S. E. WILSON) 89

EDITOR'S NOTE

THE Council has decided for reasons of economy in paper, &c., that *Forestry*, Volume XV, 1941, shall consist of one Number only.

PRINTED IN GREAT BRITAIN

SOCIETY OF FORESTERS OF GREAT BRITAIN

THIS SOCIETY was formed in 1925 and adopted its first Constitution at Oxford in 1926. The object of the Society is to advance and spread in Great Britain the knowledge of technical forestry in all its aspects.

The Society consists of Professional and Ordinary Members. Professional membership is divided into two orders:

FELLOWS, being holders of a degree or diploma in forestry, and subjects of the British Crown, but not necessarily resident in Great Britain; and

ASSOCIATES, being subjects of the British Crown resident in Great Britain, whole-time foresters, and not eligible for Fellowship. They pay a less subscription than Fellows but have almost equal privileges.

Ordinary membership is open to persons not eligible for either of the above.

Office-bearers and Councillors are nominated by Professional Members, and in the event of competition for any office a postal ballot of the whole Professional membership is held. The following were elected to serve in 1940:

President: WHEATLEY A. ROBERTSON, F.R.G.S., Director of Forest Products Research, Princes Risborough.

Vice-President: W. H. GUILLEBAUD, B.A., Chief Research Officer, Forestry Commission.

Editor of Journal: PROFESSOR H. M. STEVEN, M.A., PH.D., 75 Fountainhall Road, Aberdeen.

Business Editor: J. ALAN B. MACDONALD, 25 Drumsheugh Gardens, Edinburgh, 3.

Secretary and Treasurer: R. ANGUS GALLOWAY, M.C., B.SC., Solicitor, 8 Rutland Square, Edinburgh, 1.

Auditor: D. L. FERGUSON, 25 Drumsheugh Gardens, Edinburgh, 3.

Councillors: W. L. TAYLOR, F.S.I., Forestry Commissioner, London (Immediate Past President).

A. H. GOSLING, B.SC.

T. R. PEACE, M.A.

OWEN J. SANGAR, M.C.

C. A. CONNELL, M.A.

E. V. LAING, M.A., D.SC.

C. H. THOMPSON, M.A., DIP. FOR.

THE SOCIETY AND ITS JOURNAL

THE IMPORTANCE OF FORESTRY is being realized more and more in Great Britain. The number of foresters is increasing steadily, and a forestry profession is gradually being built up. It is intended that this Society should be representative of the profession. Those who are not engaged in the practice of forestry or the allied sciences are cordially invited to join the Society as Ordinary Members.

SUBSCRIPTIONS are:

Fellows and Ordinary Members: £1. 1*s*. 0*d*. annually or £10. 10*s*. 0*d*. for Life.

Associates: 10*s*. 6*d*. annually.

THE SOCIETY'S JOURNAL, called *Forestry*, is published twice a year, in June and December. It provides a means for the publication of the results of practice and research both in the growing of timber and in its utilization, including such basic sciences as forest physiology and ecology, forest soils, wood structure, and timber physics, and allied sciences such as forest entomology and forest mycology.

CONTRIBUTIONS may be accepted from members and others resident either in Great Britain or abroad. They should be sent to the editor, Professor H. M. Steven, 75 Fountainhall Road, Aberdeen. No article should be submitted which is being offered to any other journal for prior or simultaneous publication. Articles should be typewritten, and on one side of the paper only, and must be in a final form suitable for publication. References to literature should be collected at the end of the paper, and arranged alphabetically according to author's name, and numbered. In the text each reference should be indicated by its number enclosed in brackets. Each article should conclude with a summary. It should give the methods, extent of material, observations, and results, but should be brief and not exceed 3 per cent. of the original. It is understood that the author waives any copyright or translation rights in such summaries and that their reproduction in other publications will be permitted, subject to the source being duly acknowledged. Twenty reprints of the article will be sent free to each contributor and a reasonable number may be purchased by the contributor if ordered when the proofs are returned. The Society as a body takes no responsibility for the views expressed by contributors.

Forestry is sent free to members of the Society; others may register as subscribers by application to the Secretary, R. Angus Galloway, 8 Rutland Square, Edinburgh, 1.

SOCIETY'S MEDAL. The Council has resolved that the Society award a Medal from time to time to any individuals who may have rendered eminent services.
